Cubilog	<b>ICT/Agrotech:</b> Monitoring automation systems with secure cloud based application	
Gremon	<b>ICT/Agrotech:</b> Agricultural workflow monitoring and labor registration systems	
WM Rendszerhaz	<b>ICT:</b> M2M / IoT / NB solutions, wireless data transmission / Smart City / Smart Metering / Telemetry / Industrial Automation / Remote Monitoring / Energy Metering / Safety	
Aiss Technologies	<b>ICT:</b> Advanced Interactive Hitech Retail Store Systems at POS	
ARworks	<b>ICT:</b> Virtual & Augmented Reality Apps, interactive VR photo video and 3D production	
Mohanet	<b>ICT:</b> Mobile IoT solutions, up-to-date information about machines, vehicles and people	
P92rdi	<b>ICT:</b> Intelligent problem solving and development of novel business applications (Online Music, Corporate information flow and lightweight event calendar, task management, marketplace, knowledge base software, electronic teaching and publishing system, Nearshoring Solutions, etc)	
Attrecto	<b>ICT:</b> New / emerging B2C & B2B mobile, web, digital technologies and apps, IoT, Chatbots, VR, AR, MR	
Belux	<b>ICT:</b> Greek real-time speech-to-text technology (MS Word), medical document management and teleradiology picture archiving, communications system solutions	
Fintechblocks / Wyze	<b>ICT:</b> Fintech/Banking solutions: online onboarding platform for partnering Fintechs with banks, Open Banking Innovation Platform, Fintech App Store, Bank-Fintech Partnerships	
MSD	<b>ICT:</b> Animated Digital Signage platform to create, edit, manage and project contents on thousands of screens, projectors and displays.	
SEON	<b>ICT:</b> Cybersecurity - Fraud protection. Protect online transactions from fraud, unified risk management solution	
Holographica	<b>ICT:</b> Next generation Holographic 3D displays and 3D applications in different fields of industries, Emerging photonic technologies	
Delta Group	<b>Smart City:</b> customized solutions for cities, System integration, software development	
Resysten Hungary	<b>Smart City:</b> Photocatalytic disinfection coating system based on uniquely developed patented chemical solution: one spraying gives 1-year disinfection to all types of surfaces	
Hungarolux	<b>Smart City:</b> Indoor and Outdoor smart LED lighting solutions	
MakeSense	<b>Smart City:</b> End-to-end sensor solutions (Internet of Things, Smart City, Smart Metering, Smart Parking)	

Evopro	<b>Smart City:</b> Automotive systems (including Electric Buses), Industrial Automation, Nuclear and Big Physics, Embedded systems, Software systems	
Electromega	<b>Smart City:</b> Automotive systems (including Electric Trucks)	
AITIA International	<b>ICT:</b> Telecommunications, Speech recognition technology, intelligent applications	
Plezintor	<b>ICT:</b> Radio network planning and optimization services, mobile telecommunication RF engineering services	
Dolphio	<b>ICT:</b> Customized software & hardware development	
Drem	<b>ICT:</b> Innovative comprehensive solutions in IT, engineering, and health	
GLI solutions	<b>ICT:</b> Innovative ICT solutions based on GIS, supporting the implementation of the Smart City concept	
SeaconEurope	<b>ICT:</b> Agricultural Management System, Smart City, Fleet Management, Forestry security & monitoring system	
Multimex	<b>ICT:</b> Custom software solutions / Queuing management system	
Regens	<b>ICT:</b> Bespoke software development, web & mobile development, cloud & IT services	
ITware	<b>ICT:</b> Global Software development solutions	
Konsys	<b>ICT:</b> Energy Management	
Monguz/Qulto	<b>ICT:</b> Cultural heritage and knowledge management IT	
TC&C	<b>ICT:</b> Telecom (CISCO official partner): Cisco TelePresence recording, managing and sharing solution, Planning and Consultancy Telecom Services, Installation Services, Customization and Systems Integration,	
Pureco	<b>Environmental services:</b> Design, build and operate water treatment and wastewater treatment facilities	
Organica	<b>Environmental services:</b> Innovative solutions for localized treatment and recycling of wastewater inside city's residential network	
Inwatech	<b>Environmental services:</b> Industrial and domestic wastewater treatment, Biogas production, Innovative water disinfection, engineering, project preparation and implementation tasks	
MediaNetworks	<b>Smart solutions:</b> Broadcast, IT & Telco, Professional Media services, IT solutions	
Luminochem	<b>Smart solutions:</b> Security printing, developing and manufacturing novel luminescent photoactive materials and markers	
Laurel	<b>Smart solutions:</b> Retail service, development, localization, implementation of commercial systems and operation support	
Codex	<b>Smart solutions:</b> Special printing solutions, security printing, special label solution	
Agrovir	<b>Agrotech:</b> ERP software solution for agricultural organizations and enterprises
